The senior management at '**Horizon Beach Resort**' are committed to the community engagement policy. We regularly seek feedback from our staff, guests and our suppliers about their experience with us and use this information to continually improve our community engagement process.

Our targets are to:

❖ **Supporting the local economy.**

- Use suppliers from Kos Island.

❖ **Respecting and protecting local culture, traditions and way of life.**

- Organized local nights in hotel and visits inside the island to present the local culture traditions and way of life.

❖ **Supporting initiatives that improve the community.**

- Encouraging our guests to explore the local attractions by public transport, bicycle or on foot by providing information on walks, cycle routes and cycle hire information and bus and tube timetables at Reception. We will provide walking maps to local attractions in our room directories.
- Get involved in local community projects and making donations to police stations, prisons, hospitals and churches.
- Donate bathroom products to local homeless charities.

❖ **Supporting and protecting access to essential resources and services.**

- Use more organic products, seasonal vegetables and local produce products.

In addition, all of our employees are trained regularly and we encourage our customers, suppliers and partners to help support the environmental management system and contribute to our progress.
